Red dress, Such a sight to see
Pills on the floor darling were you crying?
Out to the world "Your on"
Did you finally settle the score

[Little Girl Do you think your such a reject,
Tell everyone that your not another regret]2x
(This is not what it seems, your not living a dream, tell
everyone you see, tell everyone you see.)

Can't you scream out
Why waste away
Can't you scream out
Can't stand your pain
Can't you scream out
Why waste away

Let it out, Let it out, Let it out, Let it out
Don't let yourself fall again baby
Let it out, Let it out, Let it out, Let it out
As It all comes tumbling down to you
Let it out, Let it out, Let it out, Let it out
Don't let yourself fall again baby
Let it out, Let it out, Let it out, Let it out
Stop trying to be the fool

Was it looks? Was it charm? Poison disguised in him?
Did it all look the same when you were bleeding on the
floor?
What did he do to you, your covered up in scars
999 one more and you'll be dead
What did he do to you, your covered up in scars
999 one more and you'll be dead.

Can't you scream out
Why waste away
Can't you scream out
Can't stand your pain
Can't you scream out
Why waste away

Let it out, Let it out, Let it out, Let it out

Don't let yourself fall again baby
Let it out, Let it out, Let it out, Let it out
As It all comes tumbling down to you
Let it out, Let it out, Let it out, Let it out
Don't let yourself fall again baby
Let it out, Let it out, Let it out, Let it out
Stop trying to be the fool

[What did he do to you?
Where do you want to go?
What do you gonna do?
Do it, Do it, Do it tonight.]4x
(I'm sorry)

Please darling just stop your crying,
This is not how it should be.

(Your not alone)4x
[Through all this you must move on]4x
