Lyrics by Richard Medina

Music by Cristobal Felix & Justin Burning

I stand on the edge of life
Staring down
Into a sea of despair
Why did I even seem
To really care?

Reflecting on my life
And what it once was
Recalling the glory
The peace, the joy, the love

Chorus:
Was it all but a lie?
A promise of better times...

A gleam of hope
For my soul?
Or the loss of all control?
All alone
And left in thought
A battle that was never fought
In a world so unkind
As I slowly lose my mind...
A vision of me
Left without a cause
A sad display
And must be wrong

But continues to show
My life's defeat
Giving way
To this fucking misery

Sending me
Into a fit of rage
Bringing upon
The end of days
Killing me slow
Until it takes my life

Arteries cut with the blade
Of my knife

Repeat Chorus

The anger
That it makes me feel
Invokes a pain
So surreal
Now that I've lost it all
Into emptiness I fall
