I don't wanna clean my room
And I don't wanna talk to you
I just wish I could be with you...
With you at SPACE CAMP

I'll love you at space camp
Just don't turn my back on me
Actually I don't wanna clean my room
And I don't wanna talk to you
I just wish I could be with you...
With you at SPACE CAMP

We'll be smoking at space camp
Just as soon as i get there
But first I have to clean my room
So let me get a broom (broom) baby!
I hate you but I'm in deperate love...

And I turn on the radio...
And I cry.

(Repeat 5x, fade out)
