Sometimes
When I'm in heaven
I get forgetful of the earth, woah oh
Until I hear you bickering like boys and birds
The heat is on
Fixed up, and the sheet is down

I got a pocket full of deadliness
Opium den mother, then forget my head
With the dead-rid coke, unsteadiness
Faux blondes have less fun

Pour more in my head my
Back to the city I grew up in
Again and again and again
Forever a lake effect kid

I got the skyline in my veins
Forget your night times
Summer love on a gurney with a squeaky wheel
And joke us, joke us
Till lake shore drive comes back into focus
I just want to come back to love
Spark until you hit it
Keep you warm at night

I got a pocket full of deadliness
Opium den mother, then forget my head
With the dead-rid coke, unsteadiness
Faux blondes have less fun (fun)

Pour more in my head
Back to the city I grew up in
Again and again and again
Forever a lake effect kid [x4]
