Drink down that gin and kerosene
And come spit off bridges with me
Just to keep us warm
And light a match to leave me be
(light a match to leave me be)

I keep my jealousy close, cause
And it's all mine
If you say this makes you happy then I'm not the only
one lying

Keep quiet
Nothing comes as easy as you
Can I lay in your bed all day?
I'll be your best kept secret and your biggest mistake
The hand behind this pen relives a failure everyday
(x2)

I keep my jealousy close cause it's all mine
If you say this makes you happy then I'm not the only
one lying

Drink down that gin and kerosene
And come spit off bridges with me
Just to keep us warm
And light a match to leave me be
(light a match to leave me be)

Keep quiet
Nothing comes as easy as you
Can I lay in your bed all day?
I'll be your best kept secret and your biggest mistake
The hand behind this pen relives a failure everyday
(x2)

So wear me like a locket around your throat
I'll weigh you down I'll watch you choke
You look so good in blue
You look so good in blue
(x3)

Keep quiet
Nothing comes as easy as you
Can I lay in your bed all day?
I'll be your best kept secret and your biggest mistake
(The hand behind this pen relives a failure everyday)
(x3)
