All these songs of love's first flight  
they don't sing ours just right  
So I stayed up half the night  
to write a song of love for you

There are the words that say these things  
but I can't think of one that brings  
all the joy that I could sing in a song of love for you

This is crazy  
I'm so hazy  
and not so sure of myself  
All the love I feel in my heart for you  
a mere song couldn't handle  
So I'll abandon this project  
Who am I foolin'?  
I know full well  
I just thought if you didn't know yet  
that I need your love to see me through

that I need your love to see me through

Yes I'm a failure  
I couldn't see my way through to the end  
I know we're not through, my friend  
there's so much for us left to do  
cause' there's no one quite like you  
there's no one quite like you
