If 'home is where the heart is'
Then we're all just fucked
I can't remember
I can't remember

And I want it so bad
I'd shoot the sunshine into my veins
I can't remember the good old days

And it's kind of funny
The way we're wearing anchors on our shirts
When being anchored aboard just feels like a curse

My mind is a safe
And if I keep it then we all get rich
My body is an orphanage
'We take everyone in'
Doing lines of dust and sweat
Off last night's stage
Just to feel like you

The milligrams in my head
Burning tobacco in the wind
Chasing the direction
Chasing the direction
Chasing the direction you went

You're a bottled star
The planets align
Just like Mars
You shine in the sky
You shine in the sky
Are all the good times getting gone?
They come and go and go and come and go
I've got a lot of friends who are stars
But some are just black holes

My mind is a safe
And if I keep it then we all get rich
My body is an orphanage
'We take everyone in'
Doing lines of dust and sweat

Off last night's stage
Just to feel like you

And it's kind of funny
The way we're wearing anchors on our shirts
When being anchored aboard just feels like a curse

My mind is a safe
And if I keep it then we all get rich
My body is an orphanage
'We take everyone in'
Doing lines of dust and sweat
Off last night's stage
Just to feel like you

If 'home is where the heart is'
Then we're all just fucked
