I don't know where you're going  
But do you got room for one more troubled soul?  
I don't know where I'm going  
But I don't think I'm coming home  
And I said, I'll check in tomorrow  
If I don't wake up dead  
This is the road to ruins,  
And we're starting at the end

Say yeah  
Let's be alone together  
We could stay young forever  
Scream it from the top of your lungs, lungs, lungs  
Say yeah  
Let's be alone together  
We could stay young forever  
We'll stay young young young young young

You cut me off I lost my track  
It's not my fault I'm a maniac  
It's not funny anymore, well it's not

My heart is like a stallion  
They love it more when it's broken  
Do you wanna feel beautiful?  
Do you wanna? Yeah!

I'm a type of door, invite me in  
So we can go back and play pretend  
I'm all dirty, I'm a mess  
Tonight I'm high as a running jet

I don't know where you're going  
But do you got room for one more troubled soul?  
I don't know where I'm going  
But I don't think I'm coming home  
And I said, I'll check in tomorrow  
If I don't wake up dead  
This is the road to ruins,  
And we're starting at the end

Say yeah  
Let's be alone together  
We could stay young forever  
Scream it from the top of your lungs, lungs, lungs  
Say yeah  
Let's be alone together  
We could stay young forever  
We'll stay young young young young young

My heart is like a stallion  
They love it more when it's broken  
Do you wanna feel beautiful?  
Do you wanna? yeah!
