I just want to be better than your  
Your head's only medicine  
I just want to be better than your  
Your head's only medicine

A downward spiral just a pirouette  
Getting worse 'til there's nothing left  
What good comes of something  
When I'm just the ghost of nothing, nothing?

And I'm just the man on the balcony  
Singing nobody will ever remember me  
Rejoice, rejoice and fall to your knees

Lunatic of a God or a God of a lunatic  
Oh, their faces are dancing  
They're dancing 'til, 'til they can't stand it

A composer but never composed  
Singing the symphonies of the overdosed  
A composer but never composed

Singing I only want what I can't have  
I only want what I can't have

Heralded as a king before I had a birthday  
With double digits  
Fit the crown to my head but I was only a kid  
Yeah, I was only a kid

Hey, I'm just the man on the balcony  
Singing nobody will ever remember me  
Rejoice, rejoice and fall to your knees

Oh, lunatic of a God or a God of a lunatic  
Oh, their faces are dancing  
They're dancing 'til, 'til they can't stand it

A composer but never composed  
Singing the symphonies of the overdosed  
A composer but never composed

Singing I only want what I can't have  
I only want what I can't have  
I only want what I can't have  
I only want what I can't, I can't have

I just want to be better than your  
Your head's only medicine  
I just want to be better than your  
Your head's only medicine

I'm just the man on the balcony  
Singing nobody will ever remember me  
Rejoice, rejoice and fall to your knees

I'm just the man on the balcony  
Singing nobody will ever remember me  
Rejoice, rejoice and fall to your knees

Lunatic of a God or a God of a lunatic?  
Oh, their faces are dancing  
They're dancing 'til, 'til they can't stand it

A composer but never composed  
Singing the symphonies of the overdosed  
A composer but never composed

Singing I only want what I can't have  
I only want what I can't have  
I only want what I can't have  
I only want what I can't, I can't have
