Been gone more days this year than I have been home
Trading friends for trips to the coast
This hotel room feels more like a tomb

Been gone more days this year than I have been home
Trading friends for trips to the coast
This hotel room feels more like a tomb

It's not gossip if it's the truth
I'm sick of always writing songs for you to slit your
wrists to

So which is it: the boy who writes the songs or the boy
who's in them?
Who's the girl? Is this truth or is he writing fiction?

Hand over my heart, gun to my head
I swear to God I'm through with this
I am the worst liar I know

It's not gossip if it's the truth
I'm sick of always writing songs for you to slit your
wrists to

So which is it: the boy who writes the songs or the boy
who's in them?

Who's the girl? Is this truth or is he writing fiction?
Which is it: the boy who writes the songs or the boy
who's in them?
Who's the girl? Is this truth or is he writing fiction?

(So which is it?) So which is it? Which is it? (So which is
it?)

(So which is it?) So which is it? Which is it? (So which is
it?)

(So which is it?) So which is it? Which is it? (So which is
it?)

(So which is it?) So which is it? Which is it?

Who's the girl? Is this truth or is he writing fiction?
Which is it: the boy who writes the songs or the boy

who's in them?

Who's the girl? Is this truth or is he writing fiction?
