Landing on a runway in Chicago and I'm grounding all
my dreams
of ever really seeing California, because I know what's
in between
is something sensual in such non-conventional ways.
Tonight the headphones will deliver you the words that
I can't (say).
Tonight the headphones will deliver you the words that
I can't say.
(Tonight I'm writing you) a million miles away
Tonight is all about "We miss you" (We miss you) "We
miss you" (We miss you)
Tonight is all about "We miss you"
And I can't forget your style or your cynicism,
somehow it was like you were the first to listen to
everything we said.
My smile's an open wound without you...and my hands
are tied to pages inked to bring you back.
Tonight the headphones will deliver you the words that
I can't say.
(Tonight I'm writing you) a million miles away
Tonight is all about "We miss you" (We miss you) "We
miss you" (We miss you)
Tonight is all about "We miss you now"
These friends are, new friends are golden [x3]
These friends are, new friends are...
Tonight the headphones will deliver you the words that
I can't say.
Tonight the headphones will deliver you the words that
I can't say.
Tonight the headphones will deliver you the words that
I can't say.
These friends are, new friends are golden
