

Fall Out Boy "Hum Hallelujah"

It's all a game of this or that, now versus then
Better off against worse for wear
And you're someone who knows someone who knows
someone I once knew
And I just want to be a part of this

The road outside my house is paved with good
intentions
Hired a construction crew, 'cause it's hell on the engine
And you are the dreamer and we are the dream.
I could write it better than you ever felt it.

So hum hallelujah,
Just off the key of reason
I thought I loved you
It was just how you looked in the light.
A teenage vow in a parking lot
"Till tonight do us part"
I sing the blues and swallow them too

My words are my faith to hell with our good name.
A remix of your guts-your insides X-rayed
And one day we'll get nostalgic for disaster
We're a bull, your ears are just a china shop

I love you in the same way, there's a chapel in a
hospital
One foot in your bedroom and one foot out the door
Sometimes we take chances, sometimes we take pills.
I could write it better than you ever felt it.

So hum hallelujah,
Just off the key of reason
I thought I loved you
It was just how you looked in the light.
A teenage vow in a parking lot
"Till tonight do us part"
I sing the blues and swallow them too

Hallelujah, hallelujah, hallelujah, hallelu...
Hallelujah, hallelujah, hallelujah, hallelu...
(Hum hallelujah (Hum hallelujah), hum hallelujah (Hum

hallelujah))

A teenage vow in a parking lot
"Till tonight do us part"
I sing the blues and swallow them too

So hum hallelujah,
Just off the key of reason
I thought I loved you
It was just how you looked in the light.
A teenage vow in a parking lot (Hum hallelujah)
"Till tonight do us part"
Love in a parking lot (Hum hallelujah)
"Till tonight do us part"
A teenage vow in a parking lot
"Till tonight do us part"
I sing the blues and swallow them too
