Life's not so funny when you're working yourself out
Get in or get out
I'm standing by myself your
In room it's so crowded
Just let me out

Just let me out
Been through it a thousand times before
(Been through it a thousand times before)
I won't regret this anymore

All the songs have been sung
All the wrongs have been done
Time now for
Me to go
Time for now
Start the show

Lastnight I had a dream that I did not wake up
I lied in bed all night until my eyes would shut
I dreamed of you
(I dreamed of you x3)
But im so different from the person you once knew

Just let me out
Been through it a thousand times before
(Been through it a thousand times before)
I won't regret this anymore

All the songs have been sung
All the wrongs have been done
Time now for
Me to go
Time for now
Start the show

Start The Show!!
Been through it a thousand times before
(Been through it a thousand times before)
I won't regret this anymore

All the songs have been sung
All the wrongs have been done
Time now for
Me to go
Time for now
Start the show
