I see her around school, just knowing she'd a fool,
And he don't care to tell a lie.
I can't say a word, and God knows that it hurts.
Cause I can't even try,

To tell her he's not worth the trouble
To show her that she'll just get double
All the love will make her heart bleed.
To tell her that it falls apart
She'll end up with a broken heart.
I know she don't want to believe
That he did that to me.

Remembering the nights, after turning out the lights.
I cried and cried myself to sleep.
I don't want that pain for her, cause I know just how
much it hurts.
And I know what she'd tell me.

She'd tell me he wasn't worth the trouble.
To show me that I'd just get double
All the love would make my heart bleed.
She'd tell me that it falls apart
And I'd end up with a broken heart.
I know I just couldn't believe.
That he did that to me

Last night I was at home, and all alone, thinking about
life.
Phone rings, I pick it up, and she's on the other line.

Telling me she's sorry, saying don't worry
I've learned my lesson this time.

She told me he wasn't worth the trouble
I knew that we'd both get double
All the lies that he'd said to me
EVERYTHING falls apart
We both ended up with broken hearts.
Now she knows what she couldn't believe.

Now I know what I just couldn't believe

Now we know what we couldn't believe

That he did that to me.
