I've been tortured  
By facts and memories  
I lost all I had  
I know there's no fate  
I don't believe in love  
I'm not worried  
I don't need anyone  
To chase for living  
I don't need no money  
To survive  
I'm all alone  
The pain I feel now  
Was accumulated  
Along the years  
And now it hurts me  
Like thousand needles  
In my skin  
I need no advice  
'Cause I know they are  
Cause without effect  
I'm all alone now  
But I'm alive  
My blood has no taste  
This means I have no fate  
Life thought me how to fight  
And now I know I have a light  
A way to go  
A life to know  
A soul to show  
Someone to follow  
Until my life shuts down  
And darkness fills my veins  
I'll be alive  
If I'm alive  
Wouldn't I have a goal  
To reach  
But I've walked this land  
And was unable to find  
This enchanted place  
I will continue walking  
Won't give up from searching

Won't die while I'm alive  
Alive  
Alive I am
