This is the last time that I'll try to figure out
How to make this alright.
I've seen this all before.
Lets drive to a new and better place
I wanna make you mine but it's just to hard to face.

I can't get you,
And I can't get used to that.
I can't get you and I want you so bad
And I want you so bad.

I can't get you,
And I can't get used to that.
I can't get you and I want you so bad
And I want you so bad.

This is the first time
That I cared enough to care about
If I'm jumpin too high
But I'm not ready to give up
So lets drive to a new and better place
And baby when we arrive
You can say it to my face...

I can't get you,
And I can't get used to that.
I can't get you and I want you so bad
And I want you so bad.

I can't get you,
And I can't get used to that.
I can't get you and I want you so bad
And I want you so bad. (So BAD!)

Let's drive to a new and better place
I wanna make it right
But it's just too hard to face

I can't get you,
And I can't get used to that.
I can't get you and I want you so bad

I can't get you,
And I can't get used to that
I can't get you and I want you
And I want you... and I want you... so bad
