Meet me on a sunday
When I'm open to the thought
Of maybe breathing in your oxygen.
Considering our past again.
Don't forget to bring up all the things that you've been
saving
In the shoebox on your closet floor.
Hold me down and beg for more

Why was it so easy back before our minds were bloated
With the problems that we brought inside?
Sometimes yours, sometimes mine.
I thought that we could be the odds and go back
Well I tried

But I can't revisit you,
I nearly died.
But I can't revisit you,
I tried to live inside our yesterday
But it didn't take the pain away
I tried.

Someday I'm predicting we might meet up in the future
When the time apart has washed away
The bitterness we feel today.
And maybe you'd come out and save me
But for now I tried

But I can't revisit you
I nearly died
But I can't revisit you
I tried to live inside our yesterday
But it didn't take the pain away
I tried

Take the pain away (away)
But it didn't take the pain away
Yeah, it didn't take the pain away

I Tried but I can't revisit you
I nearly died
But I can't revisit you

I tried to live inside our yesterday
But it didn't take the pain away
I tried
Oh I tried
I tried (x2)
