Visit "[Losin' It](#)" on [MotoLyrics.com](#)

We've been talking from different states  
I've never laid my eyes on a girl this way  
All this time I looked away  
Over and over I kept playing it safe  
Now this time I won't run away  
We've never met on a one-night date

I know we've never met except on the internet  
(Except on the internet)  
I got the camera by the bed  
So is yours up yet?

Oh no this is a fast and crazy connection  
But you keep monopolizing all my attention  
Even though we've never met  
Oh I think I'm losin' it

The glossy screen is taunting me  
I look at you and it's where I wanna be

All this time I looked away  
Over and over I kept playing it safe  
I'll just cope and find a way  
As long as I know you'll always wait

I know we've never met except on the internet  
(Except on the internet)  
I got the camera by the bed  
So is yours up yet?

Oh I know this is a fast and crazy connection  
But you keep monopolizing all my attention  
Even though we've never met  
Oh I think I'm losin' it

Oh I never meant to fall this way  
I've never laid my eyes on a girl this way

I know we've never met except on the internet  
(Except on the internet)  
I've got the camera by the bed  
So is yours up yet?

Oh I know this is a fast and crazy connection  
But you keep monopolizing all my attention  
Even though we've never met  
Oh I think I'm losin' it
