Don?t ask why  
Just say goodbye  
Don?t try to understand  
Time has come  
For this child  
To prove that he?s a man  
Dry your tears, stand up and pray  
Hope you will see him someday  
Chorus:  
And there he goes  
Without looking back  
Just disappears in the rain  
Every night  
He comes to you  
And blesses you in your dreams  
Whispering softly  
He asks for help  
A cure for his disease  
Taken by rage, barely sane  
He was just another man  
Repeat Chorus  
I hate to remember  
The last December  
A tragic love story  
Just left behind  
Two souls together  
During the last December  
Just wanting to stay forever  
Forever young  
Forever young and alive...  
Three months later  
By your door  
Stood this black-dressed man  
Gave the letter  
Signed with blood  
Written by a gun  
Went his way and won?t come back  
Now his footsteps leave no track  
Repeat Chorus  
It?s now or never  
This is the last December

We have to grow stronger  
Each and every day  
We can't surrender  
To the last December  
We have to keep on trying  
Till we find the way  
Till we find the way and can go home...
