You can't tell me that you want this  
You have to go and turn your back on em right now  
I'm sorry but I can't do this again  
You can't tell me that you're lonely  
You can't tell me that I'm looking good tonight  
You're killing yourself but you wont kill me  
I am taintless

I know it hurts to turn away right now  
But what we've shared had bounds.  
It's too late now for me  
I know you think that you can make it alright  
But you can't go back in time.  
It's too late now for me

You can't say things will be different  
You can't magically just change the past somehow  
You're sorry but not half as much as me  
And I am taintless

I know it hurts to turn away right now  
But what we've shared had bounds  
It's too late now for me  
I know you think that you can make it alright  
But you can't go back in time  
It's too late now for me (For me)

You've tainted hearts so pure(x2)

I know it hurts to turn away
