city life is beautiful x2  
ohh yeaah

She will find a way to make you stray  
All you want all night and day x2

city life is beautiful ohhh yea

Living in the city theres so many people  
looking out to love someone  
we could be in LA or barcelona, Loving in the rain or  
sun

Living in the city we just keep on dancing  
Tokyo is just the same  
we could be in Rio or san francisco , Loving in the sun  
or rain

Living in the city theres so many people  
looking out to love someone  
we could be in LA or barcelona, Loving in the rain or  
sun

Living in the city we just keep on dancing  
Tokyo is just the same  
we could be in Rio or san francisco , Loving in the sun  
or rain

City life is beautiful...city life is beautiful...
