Well this is how it goes,
I spent my entire heart on you,
Just to make you happy,
But when I try to get you back,
You don't want to,
But every time I see you,
I try not to cry,
Because,
Im trying to get over you (over you),
But I can't (I can't),
I love you too much to get over you (over you),
I can't live without you,
What can I do to make you happy?
Why should I even ask that question?
What can I do to make you forgive me?
What can I do get you back?
Too many questions I cant handle it,
But every time I see you
I try not to cry,
Because,
Im trying to get over you (over you),
But I can't (I can't),
Because I love you too fucking much,
To get over you (over you),
You were the only thing that ever made me happy,
But now it's all gone (all gone),
I can't handle myself (myself),
What can i do to get you back?

Do you love me?
If the answer is yes,
Then why can't we give it another try,
And if the answer is because,
Your mum don't want you to,
Then I wouldn't listen to my mum,
I would do what I want to do,
