Let's go!
It's all we've ever known.
The years have gone by so fast,
and all that I can say is I want more.
Keep moving ahead.
We can't give up yet.
We're walking on fire and we can't feel it.
I always knew I'd write this one.
I hope it finds you well.
You're all my friends 'cause I don't believe in fans.
I never did.
There's a world out there that doesn't understand
what we've been fighting for again.
And you make up for them.
I just can't take it.
I always knew I'd have to fight to make it.
So, here I am again,
on the road away from all my friends
so I hope you'll embrace us
'cause it's all for you.
If we were under attack
you were there to watch our backs.
We always said we'd make the best of it,
and I'd say we've done ourselves some justice.
I know you believe in the steps that we're taking

and to my friends across the states
"Tonight We Radiate!"
I always knew I'd write this one.
I hope it finds you well.
You're all my friends 'cause I don't believe in fans.
I never did.
There's a world out there that doesn't understand
what we've been fighting for again.
And you make up for them.
I just can't take it.
I always knew I'd have to fight to make it.
So, here I am again,
on the road away from all my friends
so I hope you'll embrace us
'cause it's all for you.
I just can't take it.

I always knew I'd have to fight to make it.
But I never thought I'd have to work this hard.
I never thought I'd ever get this far.
But if I walked away what would you say about me?
If I came to play would you stay and watch me?
It doesn't matter either way
'cause everything we do it's all for you.
