Dig it!

We've got a name to make and I'm screaming
at the top of the highest building.

Kicking out the back doors,
yeah we've got our skateboards.

This is who we were meant to be.

The verdict is

'stop acting like an idiot.

You've gotta grow up
and give up your dreams.'

We'll knock your lights out.

We're gonna break down,
any barrier that's in our way.

We are who we are.

Yeah, we said it.

We bite to the bone,
so you'll never forget it

We're the sinking stones, we're the broken bottles

We're the ones you hoped you'd never be.

No one's gonna take it from me, You're not gonna take
it from me.

We're the last in line and we're cutting corners.

We're the ones you hoped you'd never be.

No one's gonna take it from me, You're not gonna take
it from me.

We're tearing out the hearts of the heartless.

We're underground and we're digging ourselves out.

You get lost in your own coffin.

Is this who you want to be?

We are who we are.

Yeah, we said it.

We bite to the bone,
so you'll never forget it

We're the sinking stones, we're the broken bottles

We're the ones you hoped you'd never be.

No one's gonna take it from me, You're not gonna take
it from me.

We're the last in line and we're cutting corners.

We're the ones you hoped you'd never be.

No one's gonna take it from me, You're not gonna take
it from me.
