We gotta get away without hesitation.
Make no mistake, I don't wanna call this home
when I can't.
We're gonna bury this city under the pavement.
Dead or alive.
What are you gonna do?
You've gotta give it,gotta give it to me
or else I'm gonna take it take it away from you.
Nowhere to run, nowhere to hide
It's all mine,
and you're never gonna get it back.
This time, I've said my last goodbye.
Florida can only take so much.
We've got it all, but it's all for nothing.
Florida can only take so much,
and its had enough of me.
Florida can only take so much.
We gotta kill what we can, come on man.
Florida can only take so much.
Burn it down!
Deadbolt the doors, close out the streets.
No one gets out of here alive.

No, not tonight.
Something about this cuts me open
like the broken glass we're walking on.
We're walking on it.
You've gotta give it,gotta give it to me
or else I'm gonna take it take it away from you.
I'm taking it back. I'm taking em all back.
Florida can only take so much.
We've got it all, but it's all for nothing.
Florida can only take so much,
and its had enough of me.
Florida can only take so much.
We gotta kill what we can, come on man.
Florida can only take so much.
Burn it down! Burn it down! Burn it down!
When the lights burn out like the spark in the eyes of
the dead
keeping in mind, we wished for this,
we'll say we should have thought this through.
