Break Out!

Let's face the days.

I've got nothing to say to you,

'cause its not like this was all for nothing.

We've made mistakes.

We know how it feels to be like you.

If you wanted an all-out war, you got it.

'Cause I'd feel like a liar

if I didn't speak my mind about this.

I'll start the fire on my own.

Whatever it takes

we can reach into the sun.

Give me one good reason I should run,

and I'm gone.

Give up, your grave is deep enough,

and you won't take "no" for an answer.

Give up, you're never stopping us.

Drop the image. Cut the camera.

As if there wasn't enough to say,

you've got a mouth full of words no one wants to hear.

Don't get me started.

'Cause I'd feel like a liar

if I didn't speak my mind about this.

I'll start the fire on my own.

Whatever it takes

we can reach into the sun.

Give me one good reason I should run,

and I'm gone.

Give up, your grave is deep enough,

and you won't take "no" for an answer.

Give up, you're never stopping us.

Drop the image. Cut the camera.

Because it's all you have,

and It's all you know.

When this ghost comes out,

and I steal the airwaves,

where will you be,

and what will you do,

when I start the fire on my own?

I won't let go.
