It was hard to see you go.
It took apart of me that day.
A part of me faded away.
You know if I could I would take it back
and find a way to bring you back to me,
back to me.

Up above with the stars,
with the stars.
You're in heaven, in heaven.

Heaven's arms, heaven's arms.

Forgiveness is not what we ask,
it wouldn't fill this emptiness.

Up above with the stars,
with the stars.
You're in heaven, in heaven.
Heaven's arms, heaven's arms.

We're sorry... (8x)
