[Barking]

Charlie! What are you barking at?
Charlie, I'm trying to sing a song, you gotta go.
Charlie, go!

Ahem.

My mind is like a puzzle or a Rubix cube,
But figuring me out is something that you shouldn't do.
Because my thoughts are locked inside a padded
room,
And if these padded walls could talk I'd surely be
doomed!
(Let's go!).

Well, trouble's what they told me since the day I was
born,
Evil's what they stamped up on my hospital forms.
I tried to choke my mom with my umbilical cord,
The doctor was too busy amputating my horns

So the devil and the Lord won't keep waging a war,
Pulling me in opposite directions, I'm torn.
A change of course, a deadly force, a terrible storm,
Kicking down the devil's door to settle the score.

It's over, I'm older,
I'm alive, I'm sober.
Believe me, I'm living,
I'm happy, I'm winning.

Faster, faster, I am on my way.
Straight up, this disaster I can truly say, saved us.

And I know in my heart
If you reach for the stars.
All the things that you dreamed
Will indeed take you far.
So just hope for the best,
And just say, "Fuck the rest!"

Well, I should have been aborted when they had the
chance
Cause now I'm spilling venom in the ears of the class.
And all the high school kids are sick of being told to
relax,
(Fuck off!)
The crazier the kid, the tighter his pants.

I started a revolution bringing gothic back,
I got them marching like an army,
Wearing black-on-black.
Out of a thousand of these mother-fucking copy-cats,
None of them can do it quite like I can.

It's over, I'm older,
I'm alive, I'm sober.
Believe me, I'm living,
I'm happy, I'm winning.

Faster, faster, I am on my way.
Straight up, this disaster I can truly say, saved us.

And I know in my heart
If you reach for the stars.
All the things that you dreamed
Will indeed take you far.
So just hope for the best,
And just say, "Fuck the rest!"

I'm so tired of being sick, I'm so sick of being tired.
This is for everyone out there who feels like they've
had enough. This song is for you,
And your mother too.

You'll never win, they said.
So stop while you're ahead.
And music is my love
and passion's in my blood.
So say what you will,
'Cause I just don't give a fuck.

So get the fuck up, go!

Faster, faster, I am on my way.
Straight up, this disaster I can truly say, saved us.

And I know in my heart
If you reach for the stars.
All the things that you dreamed
Will indeed take you far.

So just hope for the best,
And just say, "Fuck the rest!"

And just say, "Fuck the Rest!"

And just say, "Fuck The Rest!"

Charlie!
Charlie, What are you barking for?

(Charlie bit my finger, Ow, Charlie.
