Can't believe that I survived
I fell so lost but I'm alive
Stood in front of the gates of Hell
With a glass of ice water in my hand
Praying at the edge of my bed
Get the fuck out of my head

Goodbye Graceful, I'm so grateful
You help to change my wicked ways
When I was in my darkest days
And I'm so thankful that you were able
To save me from the burning flames
It made me who I am today.

This dark cloud is still around
My thoughts wander in and out
And if I die before I wake
Tell the Devil I'm on my way!
Praying at the edge of my bed
Get the fuck out of my head

Goodbye Graceful, I'm so grateful
You help to change my wicked ways
When I was in my darkest days
And I'm so thankful that you were able
To save me from the burning flames
It made me who I am today.

I've been running for the longest time
I forgot where I have left my mind
(I have left my mind)

Goodbye Graceful, I'm so grateful you were able
to have saved me

Goodbye Graceful, I'm so grateful
You help to change my wicked ways
When I was in my darkest days
And I'm so thankful that you were able
To save me from the burning flames
It made me who I am today.

Picking all the pieces
Of my life up off the floor
Searching for an open window or an exit door
This boulder on my shoulder
It got heavier and colder till the day that I got sober
Now it's slowly rolling over

To all the people I've done wrong
now I apologize
To all the girls hearts I broke to the tears I made them
cry
I know it's been awhile and you have traveled many
miles
to get away it's not my style but I wrote this song to
make you smile
