I, I guess I figured it out,
by nightfall we would have bled it out,
and if you only me this is my sequel to my dying movie.

Whoaaaa, how could I love you if I'm in love with
something
else, this chemical has got the best of me I swear.

Your always on my mind well,
give me something else I could have vain,
obtain, oh lord it's not the same I,
stop the crying games, I never knew it that I thought
you could, oh lord, I got no way out,
I never had now I'm praying for this oh!
You wanted! Me! Fucking Christ! No.

Watch me as I wave goodbye,
you turn your back one to many fucking times,
by nightfall.I'll be signed,
the drugs have got me overwhelmed,
snorting everything that I can see inside and not
sleeping
'till that night, when you called it a nightmare.

I never did it, change it,
I don't think you're playing games,
but I think it's all a shame,
that my friends are all in,
no! please! tell me now! please just let me go!
no! no! by nightfall, watch the waves come crumbling
in, it's a figure of speech, yes!

I am here, you are there, no!
we are not alone, we are not alone,
you stabbed me in my back1 One too many times,
now I'm just walking away and getting sad!
please go! please savior! you never mentioned god!
walk away! walk away from me!
and what I have created for myself!
I walk away home, I'm ready to go, I'm not ready to go.
