This is the worst time you will ever see
And down your throat goes the insecurities
So watch me, I leave room to follow
So tell your old friend is this hard to swallow?
Please just see so selfishly as you are
This isn't as bad as before

I keep it simple, I tried so hard
You hurt me....you hurt me
This ones not for the radio
This one is to let you know
Tell that bastard you have as a father
he should have taught you a bit of honor
Please don't go (leave)

Please just see so selfishly as you are
This isn't as bad as before

I keep it simple, I tried so hard
You hurt me

I'd never expect, I'd never of thought that it would turn
out this way
I'd never expect, I'd never of thought that it would turn
out this way
I'd never expect, I'd never of thought that it would turn
out this way
I'd never expect, I'd never of thought that it would turn
out this way
I'd never expect, I'd never of thought that it would turn
out this way
I'd never expect, I'd never of thought that it would turn
out this way
I'd never expect, I'd never of thought that it would turn
out this way
I'd never expect, I'd never of thought that it would turn
out this way

I can see it coming
When everything is broken
We got to get this fixed right now

You seem so distant
You seem so distant

We thought that we could get along
I'd never of thought, I'd never expect that things would
turn out this way
I'd never of thought, I'd never expect that things would
turn out this way
Everything is perfect
