Runaway, runaway
Breathe this in
The water's wait, water's wait
Wide awake, wide awake
Breathe this in
The water's wait, water's wait
Asking if you are

[2x] Erased, everything within you will feel
Erased now

Everyday, everyday
Houses full of no escape, no escape
Runaway, runaway
It starts to pull
He's in this place, in this place
To question who you are

[2x] Erased, everything within you will feel
Erased now

[2x] Who am I?
Now Who am I?
I will fade

[2x] Erased, everything within you will feel
Erased now

[2x] Who am I?
Everything within you will feel
Now Who am I?
Everything within you will feel

[4x] Erased now
