Kiss your dreams goodbye now  
The breaking of your dawn  
You feel it in the fallout  
You're fading now you're gone

It's time to say goodbyes  
It's time to light your fears  
It's time to wake your heart  
It's time to say goodbyes  
It's time to light your fears  
It's time to open up

Strange and out of love now  
The wind is blowing hard  
The brilliance is the callout  
The silence in your heart

It's time to say goodbyes  
It's time to light your fears  
It's time to wake your heart  
It's time to say goodbyes  
It's time to light your fears  
It's time to open up

Goodbye, goodbye

Call out  
Are you listening?  
Break out  
Are you listening?

It's time to say goodbyes  
It's time to light your fears  
It's time to wake your heart  
It's time to say goodbyes  
It's time to light your fears  
It's time to open up

[2x] Goodbye, goodbye

[4x] Goodbye, it's time to say goodbyes
