In this moment synchronized inside  
Words that paint a legacy of life  
A different picture will unfold  
A healing finds it's way through

Sifted times, I take another breath  
With an ambiance of nothing left  
So heal my heart, rain down your love  
These waters bring me back to life

Father, healer  
Deliver me from broken love  
Stay here closer  
Let me hear your voice of love

There's a healing calling from the wind  
There's a healer waiting to begin  
In timeless places, traced and faceless  
Will I learn to let go

Take me to the heights where love controls  
Far away from home but feels so close  
This empty heart of mine  
Will fall inside and bring me back to life

Father, healer  
Deliver me from broken love  
Stay here closer  
Let me hear your voice of love

You can hold  
You can mend  
You can heal  
You can break, I hold there's something etched this  
way

Father, healer  
Deliver me from broken love  
Stay here closer  
Let me hear your voice of love

Savior, redeemer

Bring me to this place of peace  
Jesus, garden  
My broken heart is so in need
