This is everything that I wanted
Do you believe that I tried so hard to take it home
But never felt a single moment
Life has been a place where I've wandered
Moving slowly to understand what I can grasp
But understand that it's still not right

So come back to me

I can't find it but maybe I'll cope
Can you hide it and never let go?
Come back to you, I only knew

Lies have covered all of our smiles
And wakened thought that have turned my heart
To face the wind and [Incomprehensible]you well I
know I'll fit
But you, do you believe that I wanted
Something other than fallen hearts that just belong
To places where the bridges give in

So come back to me

I can't find it but maybe I'll cope
Can you hide it and never let go?
Come back to you, I only knew

I can't find it but maybe I'll cope
Can you hide it and never let go?
Come back to you, I only knew

Can you see what I felt when I told you
Can you cope when I runs right through you
'Cause my heart, it is broken with love that is coped
And now you tell me that I have something that's
missing

I can't find it but maybe I'll cope
Can you hide it and never let go?
Come back to you, I only knew

I can't find it but maybe I'll cope

Can you hide it and never let go?
Come back to you, I only knew

I can't find it but maybe I'll cope
Can you hide it and never let go?
Come back to you, I only knew

I can't find it but maybe I'll cope
Can you hide it and never let go?
Come back to you, I only knew
