They, they come
They, they come
They, they come
I can feel this
I can feel this
I can feel this

Phones are tapped again
They know just what I've said
(It's the only way, it's the only way)
The edge of the knife is choosing it's team
(It's the only way, it's the only way)
The start of the threat is that I'm not asleep

You know, while you're sleeping
You know

They come, they come, they come
They come, they come, they come
They come, they come, they come
They come, they come, they come
They come, they come

(It's the only way)
The edge of the knife is choosing it's team
(It's the only way)
The start of the threat is that I'm not asleep

(It's the only way)
The edge of the knife is choosing it's team
(It's the only way)
The start of the threat is that I'm not asleep

(It's the only way)
The edge of the knife is choosing it's team
(It's the only way)
The start of the threat is that I'm not asleep

(It's the only way)
The edge of the knife is choosing it's team
(It's the only way)
The start of the threat is that I'm not asleep

While you're sleeping
(You know I've been erased)
While you're sleeping
(I can feel this sinking in)

While you're sleeping
(Can you feel this moving in?)
While you're sleeping
(I can feel this sinking in)

While you're sleeping
