They search, they light this place
A face of the fearless
To wait the night, it's calm
But you're starting to hear this

It moves so fast, stops hearts
But holding on faster
Come back, like that
And you know that

You will find that I'm everywhere you go
And I'm all the places you will not be
You will find that I'm everywhere you go
And I'm all the things that you wanna be

It leaves this light
This sparkles broken inside you
I swear it hides
Its siren's moving its way through

This race we hear
The fall of the wind and the whispers
The take so clear
And you know that

You will find that I'm everywhere you go
And I'm all the places you will not be
You will find that I'm everywhere you go
And I'm all the things that you wanna be

Constantly moving
Your heart is just wasting away
Endlessly waiting
This life is just slipping away

You will find that I'm everywhere you go
And I'm all the places you will not be
You will find that I'm everywhere you go
And I'm all the things that you wanna be

You will find that I'm everywhere you go
All the places you will not be

You will find I'm everywhere you go
And I'm all the things that you wanna be
