This space I passed is in my eyes
The words you spoke will blow away like leaves in time
The clarity is hard to need
And I am left with words I'm leaving underneath

This is oceans in races, start again
'cause you want everything
This is oceans in races, start again
'cause you want everything

I see beneath, I hear the breath
I feel the deep, shallow dreams I try to pass
But in this place, what I can say,
It's just a place where I will start to find a stay

This is oceans in races, start again
'cause you want everything
This is oceans in races, start again
'cause you want everything
Everything

Your world is crashing to the ground,
Your love
Your world is crashing to the ground,
Your love

This is oceans in races, start again
'cause you want everything
This is oceans in races, start again
'cause you want everything

(This space I passed) This is oceans in (is in my eyes)
races, start again
(It's hard to need) 'cause you want everything
(I see beneath) This is oceans in (I hear the breath)
races, start again
(It's hard to need) 'cause you want everything
