This place I pass is in my eyes
The words you spoke, they blow away like leaves in
time
Your clarity, it starts to need
And I am left with words, I'm leaving underneath

This is oceans in races start again
'Cause you want everything
This is oceans in races start again
'Cause you want everything

I see beneath, I hear the breath
I feel the deep and shallow dreams that try to pass
But in this place, where echoes stay
Is just the place where I will start to find escape

This is oceans in races start again
'Cause you want everything
This is oceans in races start again
'Cause you want everything

Your world is crashing to the ground
You're alone
Your world is crashing to the ground
You're alone

This is oceans in races start again
'Cause you want everything
This is oceans in races start again
'Cause you want everything

This is oceans in races start again
'Cause you want everything
This is oceans in races start again
'Cause you want everything
