"Moonlite"

So this is real, the window sill, it cannot heal
All the secrets are here now
All I've known, my cover's blown, the age's shown
You know that they all fake the hope
The neon lights, the fade of light, the fear of heights
The complex and effects start
Breaking tide to beach the white, and early night
And the water only from His side

All alone
There's whispers of defenses gone

[2x] This is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go now

And so it's made, the frozen sade has turned my gaze
The effect is in motion
Strength is gone, my breath is on the last is drawn
You know that it will soon be gone
Still I wait in today and complicate
And all time is just frozen
I see through, was never you, and what you said
The hope is where His hand has bled

[2x] All alone
There's whispers of defenses gone

[2x] This is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go now

[2x] Let go now

[5x] This is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go now

[2x] Let go now
