

## Falling Up "The Gathering"

Visit "[The Gathering](#)" on MotoLyrics.com

With a longing heart you turn the tides and  
Say goodbye  
With a love that always fades you hold on so tight  
Hold back the tears  
Legacy that stays so strong is pulling at  
Your heart  
All the castles that you made are falling apart  
Love is waiting here

Come back, in these places  
In these places this is all that you need when you  
Want to come back

Blowing in the wind a taste of something  
Tragically  
Comes to find you when you fall and  
When you're in need  
See beneath the skin

Always waiting is a love that moves  
Your pain away  
Always waiting will embrace and  
Wash the tears away  
Places where this begin

Come back, in these places  
In these places, this is all that you need when you  
Want to come back

You make believe that the world is never going to  
Haunt you  
(This place is gone)  
That your love is always going to stay true  
What do you see when you fall asleep  
(Jesus is longing)  
That you will want the blood his hands can bleed
