Yeah!

As night becomes I need you,
No, I won't choke, for I am replaceable to...
I won't choke, for I am replaceable to you.
Come, come my love, the longer you make me wait,
I am bleeding and I won't see the things you've done.
(Come, come my love)
If you are lost...
Remember all the promises I made,
I kept them all, (I kept them all)
And I will return.

Was our love not good enough,
For you, for you?
Walk away a thousand times and I'll call you.
Was my love not good enough,
For you, for you?
Walk away a thousand times and I'll call you.
(I'll call you, I'll call you back)

My ships a shipwreck, I can't see you.
But how long, how long will you keep looking above?
(Come break me out, come break me out)
I am a sight, woah...
Everyday their presence make me hate.
Come back or I won't let you open.

Come, come my love, the longer you make me wait,
I am bleeding and I won't see the things you've done.
If you are lost...
Remember all the promises I made,
I kept them all,
And I will return.

Leaves red vipers on the chaos of my own words.
The blood of the innocent falls on the floor,
They're like children.
I want you back...

The hands of the innocents scarred on the floor,
The young ones cry out in their beds,

Their feet weigh out their innocence. Oh...
My love will still cry out, please dig a hole,
We're not to return, I'll only recognize my own.
