Remember days when I look across your shoulder  
And I see we're all getting older  
I don't know what to do

And when I see you there it's so unreal  
And I know cos I can just feel  
This love inside of me

[Pre-Chorus]  
But I know you're there  
And I know you care

[Chorus #1]  
Cos I see your face  
Across this room  
And I know that you're the only one  
I'll ever need, yeah

When I see you're drowning and you tell me  
That this life is hard, you just can't go on  
You know they come and go

And all these days are getting longer  
And all these nights are getting colder  
I don't know what to do

[Pre-Chorus]  
But I know you're there  
And I know you care

[Chorus #1]  
Cos I see your face  
Across this room  
And I know that you're the only one  
I'll ever need, yeah

[Chorus #2]  
Cos I see your face  
Across this room  
And I know that you're the only one  
I'll ever need, yeah

[Instrumental]

Hey girl, don't start a commotion  
Hey girl, just a little more emotion  
Hey girl, don't start a commotion  
Hey girl, just a little more emotion

Hey girl, don't start a commotion  
Hey girl, just a little more emotion  
Hey girl, don't start a commotion  
Hey girl, hey girl

[Instrumental]

[Chorus #1]

Cos I see your face  
Across this room  
And I know that you're the only one  
I'll ever need, yeah

[Chorus #2]

Cos I see your face  
Across this room  
And I know that you're the only one  
I'll ever need, yeah

Hey girl, don't start a commotion  
Hey girl, just a little more emotion  
Hey girl, don't start a commotion  
hey girl, just a little more emotion

[Piano Solo To End]
