Take this pain away from me  
'Cause I can't take it anymore  
All these years have passed  
And you're still standing at the door  
I don't know just what to do  
Sometimes it's too hard for me  
But I know it's hard for you

So for what it's worth  
The ups and downs  
And all these lies  
And it's times like this  
I needed you the most  
And I don't know why  
I don't know why I try  
Baby all you are is a four letter lie

On the day you went away  
How you broke my heart in two  
I still see the snow falling in this January moon  
But those days have come and gone  
And I'm better off alone  
Than I was with you

So for what it's worth  
The ups and downs  
And all these lies  
And it's times like this  
I needed you the most  
And I don't know why  
I don't know why I try  
Baby all you are is a four letter lie

Baby when you walk away  
I just want to hear you say  
That you've given everything  
Now I'm ready as I sing these words for you

So for what it's worth  
I don't know why  
And it's times like this  
(Times like this)

So for what it's worth  
The ups and downs  
And all these lies  
And it's times like this  
I needed you the most  
And I don't know why  
I don't know why  
And I don't know why I try  
Baby all you are is a four letter lie  
Your a four letter lie
