Six years have passed
Since I saw the last
The face of hope
That I'd once known
The summer air
Brushed through my hair
It felt like you
It felt like you

Then when you slipped away
I didn't know what to say
I wrote this song for you to show you I still care
Times changed and I want you to know
That I'll never say goodbye
I'll just say goodnight

You held my hand through all these years
You were the one when I had fears
Your heart so bright, it always shone
I close my eyes and now you're gone

Then when you slipped away
I didn't know what to say
I wrote this song for you to show you I still care
Time changed and I want to you know
That I'll never say goodbye
I'll never say good bye
I'll just say goodnight

I won't say goodbye
I won't say goodbye
I'll just say goodnight

I wrote this song for you to show you I still care
Time changed and I want you to know
That I'll never say goodbye

I wrote this song for you to show you I still care
I still care
I want you to know
That I will never say goodbye

I'll just say goodnight
I'll just say goodnight
