(Hey!)

(Hey!)

(Hey!)

(Hey!)

You came into my world and
You're still a stranger
I can see your heart and
I see the danger
You could never know
Just let it go

The bright lights beam down and
They shine so brightly
Right upon your face and
You know it's likely
Your dreams may not come true
For you

[Pre-Chorus]

No matter what they say
It doesn't matter anyway

(Hey!)

[Chorus]

All this time I've come to find
The dream I hold - just take your time
Shut your mouth - don't cross the line
We were searching for it all this time

(Hey!)

(Hey!)

I can see it in you
We're moving forward
Never looking back
Our hopes are now restored
So you cannot see-
Me

[Pre-Chorus]
No matter what you do
It is up to you

(Hey!)

[Chorus]
All this time I've come to find
The dream I hold - just take your time
Shut your mouth - don't cross the line
We were searching for it

We don't care
What you say
Never mattered anyway

You can't take
My dreams away
No, never mattered anyway

All this time I've come to find
The dream I hold - just take your time
Shut your mouth - don't cross the line
We were searching for it

[Chorus]
All this time I've come to find
The dream I hold - just take your time
Shut your mouth - don't cross the line
We were searching for it

(Hey!)

[Chorus]
All this time I've come to find
The dream I hold - just take your time
(Hey!)
Shut your mouth - don't cross the line
We were searching for it

No matter what you do
It's up to you
No matter what you say
It's up to you
No matter what you do
It's up to you

(Hey!)
