These niggers made me wanna pop my nine on
Clock my time bitch nigger I'm fine
Supposed to be a high 5 show be about nine

Let them chills fly off in your ray bans
Come from the city where they moving that came from
Damn niggers get to talking about stuff like cave man
Told my niggers we'll be rich

So a nigger don't reckon ads the shit look crystal
And the bitch can't vibe as the ass on clip

Day one nigger A one nigger
Grind hard better pay up nigger
Pray up don't try to play us nigger
Gas up like the mid west nigger
Hit a nigger with a Machine Gun Kelly
I cleaned up barely an I'm still on fly
Fuck the guy code and bring me back the G4
Bitch is looking true about it till we turned the lights on
Light on let me get my Dizzy Wright on
Rat nigger he must be that nigger
Rat pack rat maybe that much bigger
Cause niggers get back just to get on the fact
Young man with the blunt in his hand
Don't worry bout the money in advance
Worry bout them hoes, worry bout getting free
Cause I was worried bout them motherfucking fans so
they giving me
A chance one be the man who offend what?
Hit the stage and the crowd put they hands up
I just wanna bend back but I stand back
Whoever you're trying to stand up living in
I got caught with yo girl right before I was pulling
My pants up and I ain't embarrassed cause I

Hey all the bad hoes say I'm that nigger
In the hood I got stripes like ticker
Talking 3 grams stuff in the swisher
Watching A made me feel bigger
To the crossed mic I was like nigger
Little piff had his finger on the trigger
And it shot off like a free flicker
I told my nigger come get this money
Man this rap shit such a big tipper
Told the mama key and fly in the zipper
Now a nigger shine, shine like lit up
In the club blowing 20s at the strippers
Ten racks and I spend it on liquor
Man I think this shit is fucking with my liver
They say I got big heart big tipper
Straight Henney I ain't fucking with tequila
But this rap shit nigger Imma killer
Straight Colum better cause down with her
Nigger I do what I want to do when I want
Evil Kenievel bitch I'm gonna stunt
Imma keep it real man y'all going front
I'm feeling hungry y'all looking like lunch
My young nigger hit you with the palm
On the west side smoking on something
Drop the good virgins they don't give a fuck
What y'all wanna do? It's the coalition
Popping bottles, throwing bottles like it's prohibition

They know I'm that nigger

Niggers said they fine they ain't really fine
Me I'm really fine I live in the sky
Condo 44 floor really hot
Every day I wake up I'll be mix the cop
Every day I wake up I'll be next to don
In the kitchen fixing food for me is enough
Look I got a crazy 8 but my 7 is ready
Got great credit but ahead is better
Got good feel like sway and letter
I boss tee glove we play together
But I never let a hoe will stay together
See I bond as a jaw we play together
All work more pay my game forever
Came more to my name work clay as clever
Made more to my name so I chased the cash
First to do it and I made it last
I get paid to brag, paid to sign
Paid to think and I get paid to rhyme
Paid cause a nigger self made from grind
You might get there too nigger take yo time
Gotta wait in line, boy grab that ticket
I ain't' going nowhere so grab that snickers
Fast middle fingers and I grabs my dick
What's my name while I fuck bad bitches

Your boys need saving I'm the new...
I only shop in shops where they call me monsieur
The illest more fucking alive no cure
And there's nothing higher I'm lord higher no sir
Swag too excited they calling me weird

Hoes get swerved and nit's just how I steer
Gave my money 3D all your checks better clear
