You're saying
That you're leaving my love
I'm crying
We both know that it's wrong
And I'm feeling
Without you I'll be alone

I remember
Baby when we first met
Forever
Things I'll never forget
There's still loving
But something is missing

Who's gonna hold you now
Through cold and lonely nights
Who's gonna be the one
To make you smile
Shine like a sun
Tell me without a doubt
Believing me now is right
Baby let's find a way
To make our love
Shine like the sun after rain

Don't tell me
You won't whisper my name
Baby show me
That you don't feel the same way
That I do
To give up would be a mistake

Oh, I miss you
I can't lie about that
And to touch you
Just brings it all back
I would stay if
We'd give up the fighting

Who's gonna hold you now
Through cold and lonely nights

Who's gonna be the one
To make you smile
Shine like a sun
Tell me without a doubt
Believing me now is right
Baby let's find a way
To make our love
Shine like the sun after rain

Like the morning
Rise after the night
Let the sun shine again
After the rain

Who's gonna hold you now
(Who's gonna hold you now)

Tell me without a doubt
Believing me now is right
Baby let's find a way
To make our love
Shine like the sun

Who's gonna hold you now
Through cold and lonely nights
Who's gonna be the one
To make you smile
Shine like a sun
Tell me without a doubt
Believing me now is right
Baby let's find a way
To make our love
Shine like the sun after rain
