Pretend that we just met
For the first time
Let's forget
And start again
Moment back in time
When we laid down made your mind
Right to the end

Close your eyes and take you back to heaven
Hold on tight is all we have to do

(Chorus)

Can't stop the rain, from falling down
Can hear the laughter from the people all around
Can't stop the tears, I feel inside
There's not a cloud up in the sky ...
Tell me why
I can't stop the rain

I'm not prepared to stop
To surrender, give you up without a fight
Breaking up inside
Oh, I keep my head hell high
I make it right

Never thought that she could come between us
Never thought you'd turn your back on me

(Chorus)

Can't stop the rain, from falling down
Can hear the laughter from the people all around
Can't stop the tears, I feel inside
There's not a cloud up in the sky ...
Tell me why
I can't stop the rain

Moment back in time
When we laid down made your mind
Right to the end

Rain....

Hear the laughter from the people all around

Can't stop the tears, I feel inside
There's not a cloud up in the sky ...
Tell me why
I can't stop the tears
There's not a cloud up in the sky ...
Tell me why
I can't stop the the rain
