in the store by the boulevard,
i am playing the devils card,
but i cannot stop when she's around
i'm telling her to make up her mind
there are better things to find
you just got to search on the other side
watch when the sky falls down

devil in me get up ???
she's the problem i am not
fallen angels smile in my face
pulls me deeper into this mess

when i'm heading for 35
in a disappointed time
with a bitter taste of my younger years
maybe i'll be better then
maybe i wont like it then
to see somebody's life go down
watch when the sky falls down

devil in me get up ???
she's the problem i am not
fallen angels smile in my face
pulls me deeper into this mess

watch when the sky falls down
but she deserves what she gets

devil in me get up ???
she's the problem i am not
fallen angels smile in my face
pulls me deeper into this

can't have been me
this is so i have a demon inside me
lets take it away
what's left to give
watch when the sky falls down
but she deserves what she gets

devil in me

devil in me
yeah,
devil in me get up ???
she's the problem i am not
fallen angels smile in my face
pulls me deeper into this

whatch when the sky falls down
but she deserves what she gets (x3)
